

Claim boundary at a glance

A compact reader guide for keeping the result strong without overclaiming.

Supported

All models are faithful under C0; LLaVA shows C3/C4 paired shifts.

Bounded

The shift changes with wording, format, prompt factor, and colour pair.

Not claimed

The evidence does not show general text-over-vision behaviour.

Best use: final Discussion slide, graphical takeaway, or optional summary panel after Figure 4.
